Introduction

The Greater Norwich authorities want to ensure sites allocated in the GNLP are achievable, where possible wholly compliant with all relevant planning considerations, and deliverable in a timely way. It is with that purpose in mind that landowners, agents and developers with a site likely to be included in the GNLP are being asked to agree a Site Allocation Statement of Common Ground (SoCG). Each SoCG will be available to the inspector appointed to examine the GNLP so that they can satisfy themselves of the commitment to deliver each site and to meeting local plan requirements.

The GNLP Team wants the process of agreeing a SoCG to be a frank but collaborative process for all parties concerned. In the case of most sites, this process is likely to commence in Autumn 2020 and conclude in 2021 as the Regulation 19 submission draft of the GNLP is finalised. For other sites, for example where development may entail abnormal costs, discussions may continue in to 2022, as the GNLP reaches its examination in public.

This SoCG template has been designed with consideration to the possibility of future planning reforms. It is deliberately straightforward and only asks the questions that any landowner, agent, or developer would naturally ask themselves. The template only requires 700 words of written response to complete, but its importance should not be underestimated.

The GNLP Team regards the viability and timely delivery of development as a high priority. Therefore, the working assumption is without a SoCG a site is unlikely to be allocated.

General Guidance

When completing the SoCG template please be precise. For example, in the description of development proposed, use the appropriate GNLP four-digit reference code, as well as giving a site address (including a postcode or eastings/northings reference).

Signatories to the SoCG should include all relevant parties with a role in bringing forward the proposed development. This should include all landowners, agents, developers, and possibly end-users of the development (if known).

Greater Norwich Local Plan (GNLP)

The SoCG template contains a series of free-text questions that are designed to be answered within 100 words. If for whatever reason answering one or more of these questions is not possible or proves difficult site promoters are welcome to seek guidance from the GNLP Team. This may lead to completing the SoCG with a description of what issues remain for resolution at a future date.

Completing this SoCG template should be done with reference to the draft policies associated to the GNLP. Notable examples that will likely affect the form of development on site and its construction costs include:

- Provision of green infrastructure and suitable alternative green space (known as SANGS) under Policy 2 Sustainable Development and Policy 3 Environmental Protection and Enhancement; and,
- Obligations for affordable housing under Policy 5 Homes.

It should also be noted that completing a SoCG is a separate exercise from other data requests made by the Greater Norwich Local Plan Team, or the Greater Norwich authorities. For example, this is a separate exercise to the Five-year Housing Land Supply statements that are requested for the Annual Monitoring Report.
