Dear Sirs

I have today submitted a site for consideration as part of the Call for Sites process. The reference is WEB-GNLP-126.

There seemed to be a couple of issues with the webform.

Firstly, when I tried to submit the form, it flagged up the client/landowner email addresses saying that they did not match. The email addresses did match and several attempts later, it still would not accept them. To avoid delay, I submitted the form without an email address.

Please note that our client's email address is: [REDACTED]

Secondly, the 'Market Interest' section would not save my answer for the first multiple choice question. When I moved to the next section of the form, it would be removed.

Please note that I chose the "Site is owned by a developer/promoter" option.

Thirdly, there was no option to enter a contact email address for the Agent representing the client/landowner. Please note that in this instance it is: Sharon@lsrlegal.co.uk

It may be that you have received other emails experiencing the same issues. Hopefully they can be corrected to avoid further issues. I would appreciate confirmation.

To ensure the correct information has been received, the application has also been sent in today's post.

If you require any further information from me, please do not hesitate to contact me. Thank you.

Kind Regards,

Tiffany Seabrook
