

**Site Reference: GNLP5004 - land off Buxton Road, Eastgate, Cawston**  
**EMAIL CONFIRMATION OF SUPPLEMENTARY RESPONSE TO**  
**CONSULTATION**

Dear Sirs

This is to confirm my supplementary response to the Consultation, which I posted online. I attach a copy of the Supporting Statement for the planning application to which I refer in my response.

**Summary**

In my submission, the size of the site must be confirmed before any decision is taken at this stage.

**Detail**

I refer to my representation ID: 24758. This is a supplementary submission, based on further information.

1. The Policy GNLP5004 and the Site Assessment (para 18) both say that the size of the Buxton Road site is 0.12 Ha (equal to 1200 square metres).
2. I refer to a planning application for the same location, reference 20191685 - "Erection of Dwelling with Associated Works (Outline) | Land Adjacent To Lesita Buxton Road Cawston NR10 4HN":

<https://info.southnorfolkandbroadland.gov.uk/online-applications/applicationDetails.do?activeTab=documents&keyVal=ZZZMH3OQMS51>

The Supporting Statement for that application refers to a site size of only 0.09 Ha (900 square metres) : see "Site Context", para 2.3.

3. It is not clear to me how these two figures can be reconciled.
4. It will be essential for the size of the site to be clear. In my view, this is not a matter which will be relevant only to the planning application stage, if that stage is reached. It is relevant now: if it transpires that there is any error as to the size of the site and therefore the potential number of pitches, then I submit that the consultation process for this site will be fundamentally flawed.

Yours faithfully  
David Steward
