

Appendix 1

Greater Norwich Local Plan
Schedule of Main Modifications – Strategy
(March 2024)

Main Modifications - Strategy

The modifications below are expressed in the conventional form of ~~strike through~~ for deletions and underlining for additions of text.

The page numbers and paragraph numbering below refers to the submission local plan, and does not take account of the deletion or addition of text.

Ref	Page	Policy/ Paragraph	Main Modification											
Policy 1 The Growth Strategy														
MM1	47	Paragraph 177	Amend the final sentence of paragraph 177 to read: This local housing need is the target <u>plan requirement</u> against which land supply will be measured (see appendix 64).											
MM2	48	Table 6	Amend Table 6 to read: Table 6 Establishing the Plan's total housing potential figure <table border="1"> <thead> <tr> <th></th> <th>Number of Homes</th> <th>Explanation</th> </tr> </thead> <tbody> <tr> <td>A</td> <td>Local housing <u>need requirement</u> (2018 to 2038)</td> <td>40,541</td> <td>The minimum local housing need figure has been identified using the Government's standard methodology using 2014-based projections. <u>This figure forms the housing requirement for the plan.</u></td> </tr> <tr> <td>B</td> <td>Delivery 2018/2019 and 2019/20 to <u>2021/2022</u></td> <td><u>5,240</u> <u>8,728</u></td> <td>The number of homes built in 2018/2019, and 2019/20, <u>2020/21 and 2021/22</u> (including student</td> </tr> </tbody> </table>		Number of Homes	Explanation	A	Local housing <u>need requirement</u> (2018 to 2038)	40,541	The minimum local housing need figure has been identified using the Government's standard methodology using 2014-based projections. <u>This figure forms the housing requirement for the plan.</u>	B	Delivery 2018/2019 and 2019/20 to <u>2021/2022</u>	<u>5,240</u> <u>8,728</u>	The number of homes built in 2018/2019, and 2019/20, <u>2020/21 and 2021/22</u> (including student
	Number of Homes	Explanation												
A	Local housing <u>need requirement</u> (2018 to 2038)	40,541	The minimum local housing need figure has been identified using the Government's standard methodology using 2014-based projections. <u>This figure forms the housing requirement for the plan.</u>											
B	Delivery 2018/2019 and 2019/20 to <u>2021/2022</u>	<u>5,240</u> <u>8,728</u>	The number of homes built in 2018/2019, and 2019/20, <u>2020/21 and 2021/22</u> (including student											

Ref	Page	Policy/ Paragraph	Main Modification			
						accommodation and housing for the elderly).
			C	Existing commitment (at April 2020 <u>2022</u>) to be delivered to 2038 (including uplift on allocated sites)	31,452 <u>34,668</u>	The existing commitment is the undelivered sites which are already allocated and/or permitted <u>at 01/04/2022</u> with parts of or whole sites unlikely to be delivered by 2038 excluded. Uplifts on existing allocations are included here. It includes forecast development from small sites of 9 or fewer homes and other windfall sites over the period 2023/24 to 2027/28. Delivery from allocated sites in this figure includes allocations made by this plan, the South Norfolk Village Clusters Housing Site Allocations Local Plan (1,200 dwellings) and the Diss and area Neighbourhood Plan (250 dwellings) and adopted development plan documents and area action plans.
			D	New allocations	10,704	These are the homes to be provided on new sites

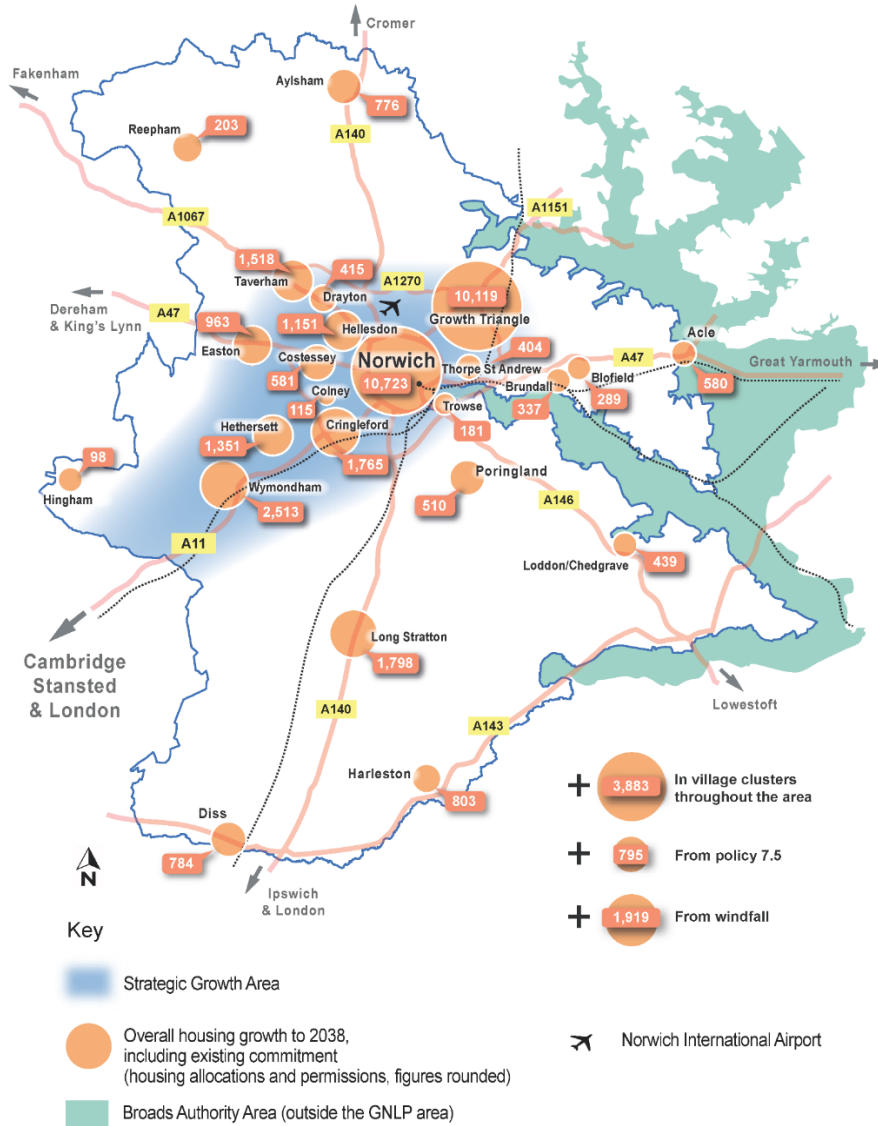

Ref	Page	Policy/ Paragraph	Main Modification			
						allocated through the GNLP (9,254), the South Norfolk Village Clusters Housing Sites Allocation Plan (1,200) and the Diss and area Neighbourhood Plan (250)
			E <u>D</u>	Homes delivered through policy 7.5	800 <u>795</u>	Policy 7.5 provides for delivery of 3 to 5 <u>self or custom build</u> homes on small scale sites <u>within or</u> adjacent to settlement boundaries or on small sites within recognisable groups of dwellings.
			F <u>E</u>	Windfall allowance	1,296 <u>830</u>	There is a limited reliance on windfall sites. Evidence provides an estimated 4,450 homes resulting from windfall development during the remainder of the plan period. As windfall delivery is likely to remain robustly high it is appropriate to include a limited proportion as part of total potential delivery.
			G = B + C +	Total <u>Forecast Supply</u> housing potential	<u>49,492</u> <u>45,041</u>	The total housing potential <u>forecast housing supply</u> for the plan consists of delivery

Ref	Page	Policy/ Paragraph	Main Modification
			<p>D + E + F F = B + C + D + E</p> <p>(B), commitments <u>and allocations</u> (C), new allocations (D), homes delivered through policy 7.5 (E D) and the windfall allowance (F E). This provides a buffer of 22% 11% to cater for on the potential for higher growth rates. It also mitigates <u>local housing requirement to mitigate</u> any risk of non-delivery of sites to ensure delivery of local housing need.</p>
MM3	49	Paragraph 179	<p>Amend paragraph 179 to read:</p> <p>179. In line with the above figures, policy 1 provides for around 49,500 <u>45,000</u> new homes. This is the total provision in the plan and is not the need or target <u>requirement</u> against which land supply will be measured (see appendix 64). The residual annual target for the 18 years of the remainder of the period, taking account of delivery between 2018 and 2020, is 40,541 (Row A) minus 5,240 (Row B), divided by 18 which equals 1,961 per annum.</p>
MM4	49	Paragraph 187	<p>Amend paragraph 187 to read:</p> <p>187.A significant element of any further growth required in the next plan under the new planning system will be at a new settlement or settlements (see policy 7.6).</p>

Ref	Page	Policy/ Paragraph	Main Modification										
			<p><u>187. National policy requires reviews of local plans to be completed no later than five years from their adoption, meaning that a rolling programme of plan making takes place. It currently seems likely that there will be a need to plan for further growth through the next local plan.</u></p> <p>Insert new paragraphs of text after existing paragraph 187 to read:</p> <p><u>This plan identifies enough sustainable sites within and on the edge of settlements to meet currently assessed need for the plan period. A review of the local plan will need to assess options for longer term growth, including the potential for a sustainable new settlement or settlements.</u></p> <p><u>A new settlement approach was considered in preparing this local plan but was rejected by the Partnership as being premature. The detailed exploratory work to consider options for a new settlement or settlements is intended to begin on adoption of this plan and will involve discussions with Government, agencies and partners along with public participation to inform the preparation of the next local plan.</u></p>										
MM5	51	Table 7	<p>Amend Table 7 to read:</p> <p>Table 7 Housing growth 2018 to 2038 (figures rounded)</p> <table border="1"> <thead> <tr> <th>Area</th> <th>Homes 2018</th> <th>Homes 2038 (and increase)</th> <th>Increase %</th> <th>% of total housing growth</th> </tr> </thead> <tbody> <tr> <td>Norwich urban area</td> <td>106,100</td> <td>138,791 <u>134,058</u> (+32,691) (+27,958)</td> <td>31 <u>26</u></td> <td>66 <u>62</u></td> </tr> </tbody> </table>	Area	Homes 2018	Homes 2038 (and increase)	Increase %	% of total housing growth	Norwich urban area	106,100	138,791 <u>134,058</u> (+32,691) (+27,958)	31 <u>26</u>	66 <u>62</u>

Housing Growth Locations

Ref	Page	Policy/ Paragraph	Main Modification
MM7	55	Policy 1	<p>Amend Policy 1 to read:</p> <p><u>POLICY 1 – THE SUSTAINABLE GROWTH STRATEGY</u> (underlined in original)</p> <p>Sustainable development and inclusive growth are supported by delivery of the following between 2018 and 2038:</p> <ul style="list-style-type: none"> • to To meet the need requirement for around 40,550 new homes, provision is made for a minimum of 49,492 45,041 new homes; • To To aid delivery of around 33,000 additional jobs and support key economic sectors, around 360 hectares of employment land is allocated, and employment opportunities are promoted at the local level; • supporting Supporting infrastructure will be provided in line with policies 2 and 4; • environmental Environmental protection and enhancement measures including further improvements to the green infrastructure network will be delivered. <p>The sustainable growth strategy is illustrated in the Key Diagram.</p> <p><u>SETTLEMENT HIERARCHY</u> (underlined in original)</p> <p>The settlement hierarchy is:</p> <ol style="list-style-type: none"> 1. Norwich urban area (Norwich and Norwich Fringe⁶⁵) (<u>see glossary for definition</u>). 2. Main towns. 3. Key service centres. 4. Village clusters. <p>Growth is distributed in line with the settlement hierarchy to provide good access to services, employment and infrastructure. It is provided through urban and rural regeneration, along with sustainable urban and village extensions.</p>

Ref	Page	Policy/ Paragraph	Main Modification								
			<p>Most of the housing, employment and infrastructure growth is focussed in the Strategic Growth Area illustrated on the Key Diagram. This includes Greater Norwich's part of the Cambridge Norwich Tech Corridor, including the Norwich urban area, Hethersett and Wymondham and key strategic jobs sites at Hethel and the Norwich Research Park. Growth is also focussed in towns and villages to support vibrant rural communities.</p> <p><u>HOUSING</u> (underlined in original)</p> <p>Housing commitments are located to meet the need for homes across the area, providing good access to services, facilities and jobs, supporting sustainable urban and rural living. Accordingly, housing commitments are distributed as follows:</p> <table border="1"> <thead> <tr> <th>Area</th> <th>Existing deliverable commitment <u>planning permissions</u> (including uplift and delivery completions 2018/19 and 2019/20 – 2021/22)</th> <th>New allocations <u>Homes forecast to be delivered from allocated sites by March 2038</u></th> <th>Total minimum deliverable housing commitment 2018 - 2038</th> </tr> </thead> <tbody> <tr> <td>Norwich urban area</td> <td>26,019 <u>20,976</u></td> <td>6,672 <u>6,982</u></td> <td>32,691 <u>27,958</u></td> </tr> </tbody> </table>	Area	Existing deliverable commitment <u>planning permissions</u> (including uplift and delivery completions 2018/19 and 2019/20 – 2021/22)	New allocations <u>Homes forecast to be delivered from allocated sites by March 2038</u>	Total minimum deliverable housing commitment 2018 - 2038	Norwich urban area	26,019 <u>20,976</u>	6,672 <u>6,982</u>	32,691 <u>27,958</u>
Area	Existing deliverable commitment <u>planning permissions</u> (including uplift and delivery completions 2018/19 and 2019/20 – 2021/22)	New allocations <u>Homes forecast to be delivered from allocated sites by March 2038</u>	Total minimum deliverable housing commitment 2018 - 2038								
Norwich urban area	26,019 <u>20,976</u>	6,672 <u>6,982</u>	32,691 <u>27,958</u>

			Policies 7.1 to 7.5 provide details on distribution and the Sites document provides individual site policies. Individual site policies for villages in South Norfolk will be in the South Norfolk Village Clusters Housing Site Allocations Local Plan.				

Ref	Page	Policy/ Paragraph	Main Modification
			<p>To provide choice and aid delivery of housing, proposals for additional “windfall” housing growth will be considered acceptable in principle at appropriate scales and locations where they would not have a negative impact on the character and scale of the settlement, and subject to other local plan policies:</p> <ol style="list-style-type: none"> 1. Within settlement boundaries in accordance with the above settlement hierarchy; 2. Elsewhere in village clusters, subject to the requirements of policy 7.4. 3. On sites of up to 3 to 5 <u>self or custom build</u> dwellings in all parishes, subject to the requirements of policy 7.5. <p><u>Plan review and five-year housing land supply</u> (underlined in original)</p> <p>This plan will be reviewed in line with the requirements on the new plan-making system. Five-year housing land supply will be calculated across the whole of the three districts. <u>The Appendix 4 shows that the plan provides enough allocations to provide a five-year housing land supply on adoption</u>⁶⁶.</p> <p><u>ECONOMY</u> (underlined in original)</p> <p>Key Strategic employment locations in the Key Diagram are protected from other forms of development and will support both a broad range of employment and key economic sectors as set out in policy 6. The key strategic locations are:</p> <ul style="list-style-type: none"> • Norwich city centre; <u>City Centre.</u> • the Norwich Airport area; • Browick Interchange, Wymondham; • Longwater; • Rackheath;

Ref	Page	Policy/ Paragraph	Main Modification
			<ul style="list-style-type: none"> • Broadland Business Park; • Broadland Gate; • Norwich Research Park; • Hethel and • The Food Enterprise Park at Easton/Honingham. <p>In addition, smaller scale employment sites are allocated in urban areas, towns and large villages to provide local job opportunities, supporting small businesses and vibrant urban and rural economies.</p> <p><u>INFRASTRUCTURE</u> (underlined in original)</p> <p>The sustainable growth strategy will be supported by improvements to the transport system, green infrastructure and services <u>as set out in policies 2, 3 and 4.</u></p>
Policy 2 Sustainable Communities			
MM8	64	Policy 2	<p>Amend Policy 2 to read:</p> <p><u>POLICY 2 – SUSTAINABLE COMMUNITIES</u> (underlined in original)</p> <p>Development must be high quality, contributing to delivering inclusive growth in mixed, resilient and sustainable communities, to enhancing the environment, and to mitigating and adapting to climate change, assisting in meeting national greenhouse gas emissions targets⁷⁶. To achieve this, development proposals are required, as appropriate, to <u>To contribute to the achievement of sustainable communities, development proposals should, where relevant, address the following matters:</u></p> <ol style="list-style-type: none"> 1. <u>Ensure safe, and convenient and sustainable access for all, including by non-car modes, to on-site and local services and facilities including such as schools,</u>

Ref	Page	Policy/ Paragraph	Main Modification
			<p>health care, shops, recreation/ leisure/community/faith facilities and libraries; <u>encourage walking, cycling and public transport through the layout of development; and integrate parking to avoid it dominating the streetscape or being a hazard.</u></p> <p>2. Make provision for delivery of new and changing technologies (including accommodating technology-based services such as broadband, fibre optic networks, telecommunications, construction methods and electric vehicles); charging.</p> <p>3. Contribute <u>Create and contribute to multi-functional green infrastructure links, whether provided on-site or off-site, including through landscaping, street trees and other tree planting, to make best use of site characteristics and integrate into the surroundings, having regard to relevant taking account of local green infrastructure strategies and delivery plans;</u></p> <p>4. Make efficient use of land with densities dependent on site characteristics, with higher densities and car free housing in the most sustainably accessible locations in Norwich. Indicative minimum net densities are 25 dwellings per hectare across the plan area and 40 in Norwich⁷⁷, with development densities taking account of accessibility and local character consideration. For residential development, it is expected that there will be minimum net densities of 40 dwellings per hectare in Norwich and 25 dwellings per hectare elsewhere in the Plan area. Higher densities are encouraged in and close to defined district and town centres, and in particular in the city centre. In the most accessible locations in Norwich, regard should be given to providing low or car-free housing in accordance with Policy DM32 of the Norwich Development Management Policies Local Plan.</p> <p>5. Respect, protect and enhance local character and aesthetic quality (including landscape, townscape, and the historic environment), taking account of landscape</p>

Ref	Page	Policy/ Paragraph	Main Modification
			<p>or historic character assessments, design guides and codes, and maintain strategic gaps and landscape settings, including river valleys, undeveloped approaches and the character and setting of the Broads;</p> <p>6. Provide safe and suitable access for all users, manage travel demand and promote public transport and active travel within a clearly legible public realm including public art where appropriate, with layouts that encourage walking and cycling, whilst also integrating parking in a manner that does not dominate the streetscape and providing a high standard of amenity through planting and the careful choice of materials;</p> <p><u>5. Create beautiful, well-designed places and buildings which respect the character of the local area and seek to enhance it through appropriate design, having regard to any local design guidance (including design codes).</u></p> <p>7. Create inclusive, resilient and safe communities in which people of all ages have good access to services and local job opportunities, can interact socially, be independent and have the opportunity for healthy and active lifestyles;</p> <p><u>6. Promote an inclusive, resilient and safe community through the provision of facilities and services commensurate with the scale and type of the development; and the design and layout of development reflecting best practice to deter crime.</u></p> <p>8. Be resource efficient, support sustainable waste management, reduce overheating, protect air quality, minimise pollution and take account of ground conditions;</p> <p><u>7. Avoid risks of unacceptable levels of soil, air, water and noise pollution and/or land instability.</u></p>

Ref	Page	Policy/ Paragraph	Main Modification
			<p><u>8. Avoid locating inappropriate development in areas at risk of flooding by applying the sequential and exceptions tests and ensuring that flood risk is not increased elsewhere. Sustainable drainage systems should be incorporated unless there is clear evidence that this would be inappropriate.</u></p> <p>9. Support efficient water management. Flood risk should be minimised, including avoiding inappropriate development in areas at significant risk of flooding, reducing the causes and impacts of flooding, supporting a catchment approach to water management and using sustainable drainage. Development must protect water quality, both surface and groundwater, and be water efficient. To achieve the latter</p> <p><u>Ensure a high level of water efficiency. To achieve this: :</u></p> <p>a. <u>(i) Housing development will meet the Building Regulations part G (amended 2016) water efficiency higher optional standard, or any equivalent successor;</u></p> <p>b. <u>(ii) Non-housing development will meet the BREEAM “Very Good” water efficiency standard, or any equivalent successor;</u></p> <p>If the potential to set more demanding standards locally is established by the Government, the highest potential standard will be applied in Greater Norwich.</p> <p>10. Minimise energy demand through the design and orientation of development and maximise the use of sustainable energy, local energy networks and battery storage to assist growth delivery. This will include:</p> <p>c. All new development will provide a 19% reduction against Part L of the 2013 Building Regulations (amended 2016);</p> <p>d. Appropriate non-housing development of 500 square metres or above will meet the BREEAM “Very Good” energy efficiency standard, or any equivalent successor;</p> <p>except where a lower provision is justified because the requirement would make the development unviable.</p>

Ref	Page	Policy/ Paragraph	Main Modification
			<p><u>10. Protect water quality and ensure a low level of energy consumption. To achieve this development proposals should:</u></p> <ul style="list-style-type: none"> <li data-bbox="734 384 1845 456">i. <u>Take account of landform, layout, building orientation, massing and landscaping to minimise energy consumption and the risk of overheating;</u> <li data-bbox="734 456 1977 528">ii. <u>Provide for the use of sustainable energy, local energy networks and battery storage where appropriate.</u> <p>Proposals for free standing decentralised, renewable and/or low carbon energy networks, except for wind energy schemes, will be supported subject <u>to</u> the acceptability of wider impacts.</p> <p>Wind energy schemes will be supported where the proposal is in a suitable area as identified in a neighbourhood plan or other local plan documents or <u>an area identified as suitable for wind energy development in the Development Plan i.e. within a Neighbourhood Plan or Development Plan Document; or in a Supplementary Planning Document, and consultation has been undertaken to identify planning impacts, these have been addressed, and the scheme has been demonstrated to have the support of the local community.</u></p> <p>To assist this broad-based approach:</p> <ul style="list-style-type: none"> <li data-bbox="674 1050 2011 1342">i. Planning applications for major developments will be required to be accompanied by a Sustainability Statement (including Health Impact Assessments as appropriate)⁷⁸ showing how development will support the above requirements, with housing will address the above matters that are relevant to the proposal. <u>Housing development taking should take account of the National Design Guide (and any subsequent related publications) and optionally making use of tools such as Building for a Healthy Life (or any successor). Other developments will meet the policy requirements as appropriate dependent on site characteristics and</u>

Ref	Page	Policy/ Paragraph	Main Modification
			<p>proposed uses. Flood risk assessments will be provided separately as required by <u>Government guidance in accordance with the NPPF.</u></p> <p>ii. <u>Master-planning using a recognised community engagement process, as agreed with the local planning authority,</u> will be encouraged on larger sites and particularly for proposed developments of 200 dwellings or 20,000 square metres plus.</p> <p>iii. Delivery plans are required with planning applications for 100 dwellings plus to set out the <u>expected</u> timing of the delivery of developments. Where delivery cannot be demonstrated to be in accordance with agreed delivery plans for individual sites, the authorities may make use, where necessary, of their legal powers to bring about strategically significant development, including compulsory purchase. In considering the use of such powers regard will be had to any change of circumstances that might affect delivery, particularly economic factors, <u>and the Delivery Plan will need to be updated accordingly.</u></p> <p>iv. Potential applicants for planning permission for major developments are advised to contact Anglian Water Services in the early stages of producing a development scheme in order to ensure that there is adequate capacity, or capacity can be made available, in the wastewater network. The provision of capacity could affect the timing of development. In locations where there are known to be capacity issues the local authority will expect this engagement to have taken place and for it to be demonstrated that adequate capacity will be available to serve the development (see Appendix 1 Infrastructure Requirements for currently known locations with capacity issues).</p> <p>Consequential change: Under the section 'To assist this broad-based approach delete section (iv). and move to become a new paragraph of supporting text to follow current paragraph 200 and renumber as appropriate.</p>
Policy 3 Environmental Protection and Enhancement			

Ref	Page	Policy/ Paragraph	Main Modification
MM9	72	Policy 3	<p>Amend Policy 3 to read:</p> <p><u>POLICY 3 – ENVIRONMENTAL PROTECTION AND ENHANCEMENT</u> (underlined in the original)</p> <p><u>The Built and Historic Environment</u> (underlined in the original)</p> <p>The development strategy of the plan and the sites proposed for development reflect the area’s settlement structure of the city, towns and villages, retaining the separate identities of individual settlements.</p> <p>Development proposals will be required to conserve and <u>should</u> enhance the built and historic environment through:</p> <ul style="list-style-type: none"> • being <u>Being</u> designed to create a distinct sense of place and enhance local character, taking account of local design and other guidance, undertaking a heritage impact assessment if significant impacts might arise, and providing measures such as heritage interpretation to further the understanding of local heritage issues; <u>such as conservation area appraisals and historic landscape character assessments;</u> • avoiding <u>Avoiding</u> harm to designated and non-designated heritage assets and historic character, unless there are overriding benefits from the development that outweigh that harm or loss and the harm has been minimised, including their setting, having regard to their level of significance in accordance with the requirements of the NPPF and relevant policies in other Development Plan Documents and Neighbourhood Plans ; • providing <u>Providing</u> a continued or new use for heritage assets whilst retaining their historic significance; • <u>Undertaking a heritage impact assessment if significant impacts to a heritage asset might arise;</u>

Ref	Page	Policy/ Paragraph	Main Modification
			<ul style="list-style-type: none"> • <u>Where relevant, heritage interpretation measures should be provided to enhance the appreciation and understanding of local heritage assets;</u> <p>In applying the above, regard will be given to the level of importance of the heritage asset.</p> <p><u>The Natural Environment</u> (underlined in the original)</p> <p>Development proposals will be required to conserve and <u>should</u> enhance the natural environment (including valued landscapes, biodiversity including priority habitats, networks and species, ancient trees and woodlands, geodiversity, high quality agricultural land and soils) through:</p> <ul style="list-style-type: none"> • being <u>Being</u> designed to respect and, retain <u>conserve</u>, and add to <u>enhance</u>, natural assets; taking account of local design and other guidance, and undertaking landscape, biodiversity or other appropriate assessments if significant impacts might arise such as Landscape Character Assessment; • avoiding <u>Avoiding</u> harm to designated and non-designated assets of the natural environment unless there are overriding benefits from the development and the harm has been minimised., <u>having regard to their level of significance (local, national and international) in accordance with the requirements of the NPPF and relevant policies in other Development Plan Documents and Neighbourhood Plans;</u> • <u>Following a hierarchy of seeking firstly to avoid impacts, mitigate for impacts so as to make them insignificant for biodiversity, or as a last resort compensate for losses that cannot be avoided or mitigated for. Adherence to the hierarchy should be demonstrated.</u> • <u>Undertaking a relevant assessment (such as a landscape or ecological assessment) if impacts to a natural asset might arise;</u> • <u>Provision of new, or conservation or enhancement of existing, green infrastructure to contribute (directly or indirectly) to the strategic green infrastructure network</u>

Ref	Page	Policy/ Paragraph	Main Modification
			<p><u>having regard to local green infrastructure strategies (identified indicatively in Maps 8A and 8B).</u></p> <ul style="list-style-type: none"> • <u>Respecting landscape character and retaining important views and features, having regard to Landscape Character Assessments and sensitive areas such as landscape settings, strategic gaps and green spaces identified in Local or Neighbourhood Plans, and to the importance of the nationally designated Broads Authority Area and its setting.</u> <p>In applying the above, regard will be given to the level of importance of the natural element <u>asset</u>.</p> <p>In addition, development will deliver net biodiversity gain through the provision of on-site or off-site natural features, creating new or enhancing existing green infrastructure networks that have regard to and help to achieve the local green infrastructure strategies. It will need to <u>should</u> be demonstrated that the gain to biodiversity is a significant enhancement (at least a 10% gain) on <u>compared to</u> the existing situation.</p> <p>All residential development will address the potential visitor pressure, caused by residents of the development, that would detrimentally impact on sites protected under the Habitats Regulations Directive through:</p> <ul style="list-style-type: none"> • the <u>The</u> payment of a contribution towards the cost of mitigation measures at the protected sites (as determined under the Norfolk Green Infrastructure and Recreational Impact Avoidance and Mitigation Strategy plus an allowance for inflation); and • the <u>The</u> provision or enhancement of adequate green infrastructure, either on the development site or nearby, to provide for the informal recreational needs of the residents as an alternative to visiting the protected sites. This will equate to a minimum of 2 hectares per 1,000 population and will reflect Natural England's Accessible Natural Greenspace Standard.

Ref	Page	Policy/ Paragraph	Main Modification
			<p><u>Any development that would be likely to have a significant effect on a European site, either alone or in combination with other plans or projects, will be subject to assessment under the Habitat Regulations at application stage. If it cannot be ascertained that there would be no adverse effects on site integrity the application will be refused unless it passes the tests set out in Regulation 62, and any necessary compensatory measures will need to be secured.</u></p> <p><u>Within the catchments of the River Wensum Special Area of Conservation (SAC), The Broads SAC and the Broadland Ramsar:</u></p> <ul style="list-style-type: none"> • <u>Residential development that results in an increase in the level of overnight stays; and</u> • <u>Non-residential development that</u> • <u>by virtue of its scale and type may draw people from outside the catchments of the SACs;</u> • <u>and/or may generate unusual quantities of surface water;</u> • <u>and/or, by virtue of the processes undertaken, may contain unusual pollutants within surface water run-off;</u> <p><u>must provide evidence to enable the Local Planning Authority to conclude through a Habitats Regulations Assessment that the proposal will not adversely affect the integrity of sites in an unfavourable condition.</u></p>
Policy 4 Strategic Infrastructure			
MM10	80	Policy 4	<p>Amend Policy 4 to read:</p> <p><u>POLICY 4 - STRATEGIC INFRASTRUCTURE</u> (underlined in the original)</p> <p>Strategic infrastructure improvements will be undertaken to support timely delivery of the Greater Norwich Local Plan and the wider growth needs of the area. Key elements will be:</p>

Ref	Page	Policy/ Paragraph	Main Modification
			<p><u>Transport</u> (underlined in the original)</p> <p>Transport improvements will support and embrace new technologies and develop the role of Norwich as the regional capital, support strategic growth in the Cambridge Norwich Tech Corridor, improve access to market towns and rural areas and promote sustainable and active transport.</p> <p>Transport infrastructure will be brought forward to support the development aims of this plan. A considerable shift towards non-car modes will be promoted in the Norwich urban area over the plan period. High density growth will be focussed in locations with good access to improved sustainable transport networks and interchanges in Norwich, creating a virtuous cycle where clean transport is prioritised, less use is made of cars and space is used more efficiently and attractively.</p> <p>This will be achieved by:</p> <ul style="list-style-type: none"> • Implementation of <u>Having regard to the Transport for Norwich Strategy including consideration of its aims to:</u> <ul style="list-style-type: none"> ○ <u>Reduce carbon emissions and improve air quality,</u> ○ <u>Significantly improve significant improvements to the bus, cycling and walking networks to promote modal shift;</u> ○ <u>developing Develop the role of the park and ride system;</u> ○ <u>changing Change attitudes to travel;</u> ○ delivery of the Norwich Western Link road. • Enhancement of the Major Road Network including provision of the A140 Long Stratton bypass. • Protection of the function of strategic transport routes (corridors of movement). • <u>Continuing to improve public transport accessibility to and between main towns and key service centres, taking account of Norfolk County Council's market towns network improvement strategies.</u> • <u>Promoting regional connectivity recognising the work already underway on:</u>

Ref	Page	Policy/ Paragraph	Main Modification
			<ul style="list-style-type: none"> ● Supporting improvements to the A47, including delivery of the Blofield to North Burlingham, Thickthorn and Easton to East Tuddenham improvements being progressed by Highways England. ○ Promoting enhancement <u>Enhancement</u> of rail services, including improved journey times and reliability to London and Cambridge, supporting the East-West Rail link and innovative use of the local rail network. ○ <u>Improvements to the A47, including delivery of the Blofield to North Burlingham, Thickthorn and North Tuddenham to Easton improvements being progressed by National Highways.</u> ○ <u>The Norwich Western Link being progressed by Norfolk County Council.</u> ○ <u>Enhancement of the Major Road Network including provision of the A140 Long Stratton bypass being progressed by Norfolk County Council.</u> ○ <u>Protection of the function of strategic transport routes (corridors of movement).</u> ○ Continued investigation of and support for rail freight opportunities. ○ Supporting the growth and regional significance of Norwich Airport for both leisure and business travel to destinations across the UK and beyond. ● Continuing to improve public transport accessibility to and between main towns and key service centres, taking account of Norfolk County Council's market towns network improvement strategies. <p><u>Other Strategic Infrastructure</u> (underlined in the original)</p> <p>The Greater Norwich local authorities and partners including utility companies will work together in relation to the timely delivery of improvements to infrastructure, including that set out in appendix 1 and to:</p> <ul style="list-style-type: none"> ● The energy supply network including increased capacity at primary substations at Cringleford, Peachman Way, Spowston and Earlham Grid Local and/or innovative smart solutions to off-set the need for reinforcement;

Ref	Page	Policy/ Paragraph	Main Modification
			<ul style="list-style-type: none"> • Water supply and sewerage network improvements including the waste-water network at Whitlingham water recycling centre, the Yare Valley sewer and elsewhere to protect water quality and designated habitats; • health <u>Health</u> care infrastructure. • <u>Police infrastructure.</u> <p>School capacity will be increased to provide for growth by improvements to existing schools and the provision of new schools as required, including primary schools on strategic development sites and a new high school in the North East growth area as identified in appendix 1.</p> <p>In line with other policies in this plan, a multi-functional strategic green infrastructure network will be further developed as set out in maps 8A and B <u>and in green infrastructure strategy updates.</u></p> <p><u>On-site and local infrastructure, services and facilities</u> (underlined in the original)</p> <p>Development proposals will provide on-site services and facilities and support local infrastructure capacity improvements through on-site provision, providing land and developer contributions.</p>
Policy 5 Homes			
MM11	85	Policy 5	<p>Amend Policy 5 to read:</p> <p><u>POLICY 5 – HOMES</u> (underlined in the original)</p> <p>Residential proposals should address the need for homes for all sectors of the community having regard to the latest housing evidence, including a variety of homes in terms of tenure and cost. New homes should provide for a good quality of life in mixed</p>

Ref	Page	Policy/ Paragraph	Main Modification
			<p>and inclusive communities and major development proposals should provide adaptable homes to meet varied and changing needs.</p> <p>This will be achieved as follows:</p> <p><u>Affordable Housing</u> (underlined in the original)</p> <p>Major residential development proposals⁹⁸ and purpose-built student accommodation will provide:</p> <ul style="list-style-type: none"> • at <u>At least 33% affordable housing on-site across the plan area, except in Norwich City Centre (as defined in map 10) where the requirement is at least 28%, or where</u> <ul style="list-style-type: none"> a) the site is allocated in a Neighbourhood Plan for a different percentage of affordable housing, or b) for brownfield sites where the applicant can demonstrate that particular circumstances justify the need for a viability assessment at decision-making stage; • affordable <u>Affordable</u> housing on-site except where exceptional circumstances justify off-site provision; • a <u>A</u> mix of affordable housing sizes, types, and tenures in agreement with the local authority, taking account of the most up-to-date local evidence of housing need. This will include 10% of the affordable homes being available for affordable home ownership where this meets local needs; • affordable <u>Affordable</u> housing of at least equivalent quality to the market homes on-site. <p>The sub-division of a site to avoid affordable housing provision will not be permitted.</p> <p><u>Space Standards</u> (underlined in the original)</p>

Ref	Page	Policy/ Paragraph	Main Modification
			<p>All housing development proposals must meet the Government's Nationally Described Space Standard for internal space or any successor.</p> <p><u>Accessible and Specialist Housing</u> (underlined in the original)</p> <p>Development proposals providing specialist housing options for older people's accommodation and others with support needs, including sheltered housing, supported housing, extra care housing and residential/nursing care homes will be supported <u>permitted</u> on sites with good access to local services including on sites allocated for residential use <u>unless there are significant adverse impacts that justify a refusal of planning permission.</u> Irrespective of C2 or C3 use class classification, specialist older people's housing will provide 33% affordable housing or 28% in the city centre.</p> <p>Proposals are particularly encouraged where Norfolk County Council identifies a strategic need for extra care housing.</p> <p><u>The identification by Norfolk County Council of a strategic need for specialist housing which the proposal can address will be a material consideration.</u></p> <p>To meet changing needs by providing accessible and adaptable homes, proposals for major housing development are required to provide at least 20% of homes to the Building Regulation M4(2){1} standard or any successor.</p> <p><u>Gypsies and Travellers, Travelling Show People and Residential Caravans</u> (underlined in the original)</p> <p><u>Planning applications that result in the loss of authorised pitches or plots will not be permitted unless:</u></p> <ul style="list-style-type: none"> • <u>Replacement pitches or plots are provided: or</u> • <u>It is demonstrated that the pitches or plots are no longer needed.</u>

			<p>Other small-scale housing and employment development will be acceptable in principle elsewhere in the Norwich urban area subject to meeting other policies in the development plan.</p> <p><u>The City Centre</u> (underlined in the original)</p> <p>Norwich city centre’s strategic role as key driver for the Greater Norwich economy will be strengthened. Development in the city centre will provide a high density mix of employment, housing, leisure and other uses. Intensification of uses within the city centre to strengthen its role as a main regional employment, retail, cultural and visitor centre, providing a vibrant and diverse experience for all, will be supported.</p> <p>Comprehensive redevelopment of the large district centre at Anglia Square and surrounding vacant land will provide a viable, high density, housing-led mixed-use development including retailing, employment, community and leisure facilities. The redevelopment of Anglia Square will be the catalyst for change in the wider Northern City Centre strategic regeneration area identified on the Key Diagram and defined in map 910.</p> <p>1. Economy</p> <p>To ensure a strong employment base, development should provide a range of floorspace, land and premises as part of mixed-use developments. Development should promote more intensive use of land to meet identified needs for start-up and grow-on space for small and medium sized enterprises including the digital creative industries, technology, financial and cultural and leisure services clusters.</p> <p>To support this, loss of existing office floorspace will be resisted;</p>

Ref	Page	Policy/ Paragraph	Main Modification
			<p>a) <u>Within the areas defined under the ‘Article 4 direction relating to the conversion of offices to residential’;</u></p> <p>b) <u>For all statutory listed office buildings situated within the city centre (as defined by map 10);</u> <u>unless it can be demonstrated that its loss will not be of detriment to Norwich’s office economy.</u></p> <p>Development of buildings for further and higher education, training and lifelong learning will be supported in the city centre. The development of purpose-built student accommodation will be accepted where it accords with the criteria in policy 5.</p> <p>2. Retail and main town centre uses</p> <p><u>The centre’s retail function of the City Centre’s primary and secondary retail areas and the large district centres will be supported as part of a complementary range of uses. Provision for any additional comparison retail floorspace will primarily be met through the intensification of retail use on existing sites be focused on these centres in accordance with the sequential approach and improvements to the quality of existing retail provision will be supported.</u></p> <p>Proposals for new development and change of use in <u>the City Centre’s</u> primary and secondary retail areas and <u>the</u> large district centres (as defined in policy 6) will be <u>accepted permitted</u> where they:</p> <ul style="list-style-type: none"> • contribute to meeting identified needs for new retail floorspace and other main town centre uses, including speciality and independent shopping and small-scale retailing; or • <u>promote Promote</u> diversification of services and facilities to ensure that vitality and vibrancy can be maintained throughout the day and evening; or

Ref	Page	Policy/ Paragraph	Main Modification
			<ul style="list-style-type: none"> • provide <u>Provide</u> mixed-use development including housing, high quality employment, flexible working, education, leisure, culture and entertainment, where this supports and complements the function of the centre; or • secure <u>Secure</u> the beneficial redevelopment and adaptation of disused and underused land and premises including redundant retail floorspace <u>and adaptation of upper floors to residential uses.</u> <p>3. Leisure, culture and entertainment and the visitor economy</p> <p>The city centre’s leisure cultural and entertainment offer will be supported and expanded. Development of new leisure and cultural facilities, hotels and other visitor accommodation to strengthen the city centre’s role as a visitor and cultural destination will be accepted in accessible locations well related to centres of activity and transport hubs. Leisure uses, including uses supporting the early evening economy, will be accepted within the defined city centre leisure area where noise and disturbance issues can be mitigated and where they do not have detrimental effect on the retail offering, especially in the primary retail area. A sequential approach will be used to determine applications for leisure uses outside the defined leisure area. where they:</p> <ul style="list-style-type: none"> • <u>Are compatible with the surrounding uses;</u> • <u>Would not give rise to unacceptable amenity and environmental impacts which could not be overcome by the imposition of conditions; and</u> • <u>Would not have a detrimental impact upon the character and function of the city centre or undermine its vitality and vibrancy.</u> <p>Late-night uses will only be accepted in the designated Late-Night Activity Zone.</p> <p>4. Housing</p> <p>To maximise the potential of the city centre to deliver new homes, housing will required <u>shall</u> be <u>provided</u> on the specific allocated sites detailed in the Sites document.</p>

		<p>5. The Built, Natural and Historic Environment</p> <p>To protect and enhance the distinctive natural and built environment and heritage assets of the city centre:</p> <ul style="list-style-type: none"> • A programme of improvements to public spaces, as illustrated in a public realm infrastructure plan, will be implemented through a combination of public investment on the highway / publicly owned land and private investment in association with development proposals; • New development proposals will respect the character of the city centre conservation area and address the principles set out in the City Centre Conservation Area Appraisal (or any successor), providing innovative and sustainable design; in particular in relation to scale, mass, height, layout and materials; • Riverside development will assist in delivering <u>have regard to</u> the policies/priorities of the River Wensum Strategy (or any successor), including provision of a riverside walk. Riverside development should support and enable achievement of the strategy's longer term plans. <p>6. Access and Transportation</p> <p>Development will be required to contribute to measures promoted by Transport for Norwich to improve accessibility, connectivity, legibility and permeability within the city centre.</p> <p><u>East Norwich</u> (underlined in the original)</p> <p>Development of sites allocated in the East Norwich s<u>Strategic #</u>Regeneration a<u>Area (ENSRA)</u> identified on the Key Diagram and defined on map <u>910</u> including Carrow Works (which includes Carrow House), the Deal Ground (including the former May Gurney site), and the Utilities Site <u>and Land in front of ATB Laurence Scott</u> will create a highly sustainable mixed-use gateway quarter accommodating substantial housing growth and</p>

			Enhancements to the multi-functional green infrastructure network provided by development will contribute to the strategic network as set out in maps 8A and B <u>and in green infrastructure strategy updates</u> and to linking local networks.
Policy 7.5 Small scale windfall housing development			
MM17	119	Policy 7.5	<p>Delete current policy wording and replace with new wording:</p> <p><u>POLICY 7.5 – SMALL SCALE WINDFALL HOUSING DEVELOPMENT</u></p> <p>Small scale residential development will be permitted adjacent to a development boundary or on sites within or adjacent to a recognisable group of dwellings where:</p> <ul style="list-style-type: none"> • Cumulative development permitted under this policy will be no more than 3 dwellings in small parishes or 5 dwellings in larger parishes (as defined in appendix 7) during the lifetime of the plan; and • The proposal respects the form and character of the settlement; and • The proposal would result in no adverse impact on the landscape and natural environment; and • The proposal accords with other relevant Local Plan policies <p>Positive consideration will be given to self and custom build.</p> <p><u>POLICY 7.5 – SELF-BUILD AND CUSTOM BUILD WINDFALL HOUSING DEVELOPMENT OUTSIDE DEFINED SETTLEMENT BOUNDARIES (NB development within settlement boundaries is covered under Policy 7.4) (to be underlined)</u></p> <p><u>Small scale residential development of up to 3 dwellings for self-build and custom build homes for people who meet the eligibility criteria for Part 1 of the relevant district’s self-build register will be permitted:</u></p> <p><u>1. On sites that are adjacent to settlements with a defined settlement boundary; and</u></p>

Ref	Page	Policy/ Paragraph	Main Modification
			<p><u>2. On sites within or adjacent to other settlements without a defined settlement boundary.</u></p> <p><u>To prevent incremental sprawl, for the operation of this policy such development will not be considered to have extended the defined settlement boundary, or where there is no boundary, the built form of the settlement.</u></p> <p><u>For all development covered by this policy the scheme will need to respect the form and character of the settlement including:</u></p> <ul style="list-style-type: none"> • <u>Housing density is reflective of the density in the settlement and surrounding built up area; and</u> • <u>The ratio of the building footprint to the plot area is consistent with existing properties nearby which characterise the settlement; and</u> • <u>The proposal would result in no significant adverse impact on the landscape and natural environment; and</u> • <u>The proposal accords with other relevant Local Plan policies.</u> <p><u>When considered cumulatively with other development, the scheme should not result in a level of development in any settlement that would be contrary to the Sustainable Growth Strategy outlined in Policy 1.</u></p> <p>Make consequential changes to the following paragraphs of supporting text:</p> <p>389 This policy applies to all parishes. Its purpose is to allow for a limited number of additional dwellings in each parish beyond those allocated or allowed for as larger scale windfall sites through other policies in this plan. The policy limits the number of homes on small scale windfall sites to three in each smaller parish and five in each larger parish (as defined in appendix 7) to prevent over-development in rural areas. For the purposes of</p>

			<p>this policy, the number of dwellings allowed relates to permissions granted after adoption of the plan.</p> <p>390 Policy 7.5 promotes small scale <u>self-build and custom build</u> housing development, including self/custom build. This complements policies 5 and 7.4 which also support self/custom build.</p> <p>391 To achieve this, the policy provides limited additional opportunities for the development of <u>self-build and custom build</u> homes:</p> <ul style="list-style-type: none"> a. <u>On sites that are within or adjacent to settlements with development boundaries; a defined settlement boundary.</u> b. or on sites within or adjacent to a recognisable group of dwellings which do not have a development boundary <u>other settlements without a defined settlement boundary.</u> <p>392 The policy also requires such developments to respect the <u>form and</u> character of the settlement and landscape.</p> <p>Amend Policy 7.5 subtitle:</p> <p>Policy 7.5 Small Scale Windfall Housing Development <u>Policy 7.5 Self Build and Custom Build Windfall Housing Development Outside Defined Settlement Boundaries</u></p> <p>Delete Appendix 7</p>
Policy 7.6 New Settlements			
MM18	120	Policy 7.6	Delete Policy 7.6 and supporting text paragraphs 395 – 401:

Ref	Page	Policy/ Paragraph	Main Modification
			<p data-bbox="647 272 1267 304">Policy 7.6 Preparing for New Settlements</p> <p data-bbox="647 347 1984 528">395. This local plan identifies enough sustainable sites and locations within and on the edge of existing settlements to meet current needs. Consequently, no new settlement is proposed for allocation in this Local Plan. However, with sustainable options for settlement extensions diminishing, the authorities are convinced that one or more new settlements will be required in the longer term, particularly if housing needs rise as signalled by government.</p> <p data-bbox="647 571 1984 711">396. Ensuring a new settlement and its supporting infrastructure is properly planned, designed and resourced takes time. Site promoters also need the confidence to invest in evidence and master planning. The authorities therefore conclude that it is vital to commit in this Local Plan cycle to delivering new settlements in the next plan cycle.</p> <p data-bbox="647 754 1957 863">397. While the intention is to allocate new settlement development through the next plan, delivery will commence prior to the end date of this local plan. Consequently, new settlement development will provide additional flexibility to ensure delivery of current housing targets.</p> <p data-bbox="647 906 1995 1082">398. The location and design of any new settlement or settlements for Greater Norwich will need to ensure that they are excellent places to live, built to Garden City principles, and provide housing across all types of need. They will need to be well connected and deliverable, with sustainable access to a range of jobs and services. They will need to promote our local economic strengths, enhance the environment and promote healthy and active lifestyles.</p> <p data-bbox="647 1125 1995 1265">399. To achieve all of this, proposals for any new settlement will need to ensure that a significant proportion of any uplift in land value from current use is captured to fund the infrastructure to support the new community. It will be essential that the legal framework for this is agreed with councils at an early stage in the promotion of any new settlement.</p> <p data-bbox="647 1308 2007 1375">400. Three new settlement sites have been proposed through the GNLP (at Honingham Thorpe, Hethel and Silfield). These will be investigated along with other potential locations in the next</p>

			<p>plan, taking account of selected criteria. In order to shorten the lead in time for delivery and provide the level of certainty for investment that would allow one or more schemes to be incorporated in the new plan, comprehensive analysis of options will begin in 2021.</p> <p>401. The timetable for this work, which provides a broad indication of the authorities' intentions and may be varied to take account of changes to the planning system, is:</p> <ul style="list-style-type: none"> • 2021 developing success criteria, site options assessment including technical consultation; • 2022 following adoption of the GNLP, public consultation on site options; • 2022-24 development of new Local Plan incorporating preferred site(s); • 2026 onwards — delivery. <p>POLICY 7.6 – PREPARING FOR NEW SETTLEMENTS Subject to the outcome of evidence, assessment and appraisal, one or more new settlements will be brought forward in the next Local Plan.</p> <p>Consequential changes:</p> <p>Delete supporting paragraph 165.</p> <p>Delete supporting text paragraph 187 and replace with three new paragraphs of text:</p> <p>187. A significant element of any further growth required in the next plan under the new planning system will be at a new settlement or settlements (see policy 7.6)</p> <p><u>187. National policy requires reviews of local plans to be completed no later than five years from their adoption, meaning that a rolling programme of plan making takes place. It currently seems likely that there will be a need to plan for further growth through the next local plan.</u></p> <p><u>187a. This plan identifies enough sustainable sites within and on the edge of settlements to meet currently assessed need for the plan period. A review of the local plan will need to assess</u></p>

Ref	Page	Policy/ Paragraph	Main Modification
			<p><u>options for longer term growth, including the potential for sustainable new settlement or settlements.</u></p> <p><u>187b A new settlement approach was considered in preparing this local plan but was rejected by the Partnership as being premature. The detailed exploratory work to consider options for a new settlement or settlements is intended to begin on adoption of this plan and will involve discussions with Government, agencies and partners along with public participation to inform the preparation of the next local plan.</u></p>
